This section of the John Day River is mostly flat water with a few small rapids – a perfect introduction for the beginner. We go through 47 miles of some of the most interesting, fossil filled geologic formations in the world. We'll see a variety of wildlife and learn all about river and desert ecology. We will have beautiful campsites amongst aromatic juniper trees under the big star filled desert sky. There will be no better way to celebrate the Summer Solstice than to be out in this beautiful wide-open country. Parents are free on this trip.

Cost: Folks from Oregon: \$210 (includes everything)
\$235 (includes everything)
